**Subject:** RE: Delta CCS Project Update  
**Attachments:** 220626 PELICAN Project Brief (CONFIDENTIAL).pdf

Hello All,

The Zuckermans are offering a site visit of the Pelican Project on the afternoon of September 22, 2022. This will be a great opportunity for permitting entities to see the locations of both the source and injection site in advance of the project moving to permitting. Please let us know if you are available to participate.

Thank you,  
Campbell

**Subject:** Delta CCS Project Update

Dear Permitting Agency Representatives,

We received the attached update on recent progress for Pelican Renewables' efforts to design, permit and implement a CCS project in the Delta. They asked that we forward this update and that you keep it confidential. They are very interested in maintaining momentum and awareness of the project with the permitting agencies. To that end they would like to schedule a meeting and site visit with as many of you as possible. Please read over the update and let us know if you would be interested in a site visit toward the end of July or early August.

Thank you,  
Campbell
